1300		Procurement		
1302	Operational Principles			
	1302.1	Each Area Agency on Aging shall develop and maintain procurement standards that ensure fair competition.		
	1302.2	Each Area Agency on Aging shall ensure that their subcontractors abide by the Area Agencies on Aging procurement procedures, or that the sub-contractors procurement standards ensure fair competition.		
	1302.3	The Area Agency on Aging should include an administrative procedure for handling complaints or protests regarding contractor selection in their procurement procedures.		
	1302.5	Two types of contracts are:		
		A	Rate – an agreement whereby a contractor is paid a specified amount for each unit of service or deliverable, not to exceed the maximum number of authorized units indicated in the contract for each service/deliverable.	
	1302.6	B	Fixed price with price adjustment - an agreement whereby reimbursement to the contractor is in accordance with actual, allowable costs incurred consistent with each service budget not to exceed the service reimbursement ceiling in the contract.	
		An Area Agency on Aging subcontracting for Non-Medical Home and Community Based Services should generally utilize a Rate contract.		
	1302.7	An Area Agency on Aging should not have to pay more for the provision of an Aging Program Non-Medical Home and Community Based Services than it would for the same service under a non-Aging program.		
	1302.8	Area Agencies on Aging should consider conducting quarterly, or at a minimum, semi-annual reviews of the rate structure for the service(s) being provided to ensure the following:		
A		Fair compensation to the service provider agency.		
B		Maximum utilization of Aging program funds for the provision of Non-Medical Home and Community Based Services.		
1302.9	It is not the intent of this policy to penalize an Area Agency on Aging due to the existence of an overlapping contract cycle whereby an Area Agency on Aging or the subcontractor could incur unnecessary, inflated costs due to receiving a higher or lesser rate for the same service(s) from a non-Aging program.			

1300		Procurement	
1303	Operational Procedures for Procurement		
	1303.1	All contractors and subcontractors with the Division of Aging and Adult Services must use generally accepted and reasonable competitive procurement practices to ensure fair competition.	

1300		Procurement	
1304	Operational Procedures for Rate Contracts		
	1304.1	Rate Contracts should be utilized as the contracting vehicle for Non-Medical Home and Community Based Services when the Area Agencies on Aging or the agency providing service(s) does not contract for the same service(s) through the auspices of another governmental agency (City, County, State or Federal), or when an overlapping contract cycle for service(s) does not exist with the contract cycle for Aging programs.	

1300		Procurement	
1305	Operational Procedures for Fixed Price with Price Adjustment Contracts		
	1305.1	Fixed price with price adjustment contracts may be used as the contracting vehicle for Non-Medical Home and Community Based Services for the following:	
		A	The Area Agency on Aging, or the agency providing services, also contracts for the same service(s) through the auspices of another governmental entity (City, County, State or Federal).
B	Contracts with start-up service provider agencies, who have yet acquired a history of providing service for at least two years, and therefore, may not yet have sufficient expertise in budgeting and forecasting unit costs of providing service(s) with which to accurately determine a rate for the duration of contract term of one year or less.

The Administration will also assure the proper disbursement of, and accounting for, all Federal funds associated with the State Plan on Aging. This includes any such funds paid to its recipients who maintain grants and/or contracts.</p>	

1500		Cash Disbursement and Expenditures Reporting	
1503	Operational Procedures for Financial Reporting		
	1503.1	Federal and State regulations and contract terms require Area Agencies on Aging and sub-contractors to adhere to the following:	
		A	Submit monthly financial reports, through the Division of Aging and Adult Services electronic payment processing system or the paper AG-053 form, and contain information identified by the State.
		B	Report only actual expenditures incurred, as estimated or budgeted amounts are not permitted.
		C	Failure to submit reports in accordance with this policy and contractual deadlines will cause disbursements to cease until reports are received.
		D	Area Agencies on Aging must adopt or develop reporting procedures consistent with those identified in this chapter for use by sub-contractors, unless written approval is granted by the Division of Aging and Adult Services.
1	An approval will only be granted once the Area Agency on Aging's financial reporting procedures have been reviewed and approved by the Division of Aging and Adult Services.		
1503.2	Monthly financial reports are developed to ensure that documentation is available indicating that costs have been allocated to a fund source which will require reimbursement.		
	A	The monthly financial report must be submitted through the Division of Aging and Adult Services electronic payment processing system or on a paper AG-053 form (Monthly Financial Report for the Area Agencies on Aging and Service Providers, See Exhibit 1500B) by the 20th day of the month. Payments are typically processed on the last Thursday and Friday of each month.	

1500 Cash Disbursement and Expenditures Reporting	
1503	Operational Procedures for Financial Reporting (continued)
	B Area Agencies on Aging may adjust the reporting deadline for service providers by shortening the month to three weeks.
	C The AG-053 has been reviewed to reflect the "Contract Operating Budget". This provides a means for comparison of actual operations and simplifies the reporting function.
	D Every Area Agency on Aging will either enter expenditures into the electronic payment processing system or use the AG-053, or an approved computer printout which will follow the same format.
	E When an Area Agency on Aging receives a report from its service providers, it will do the following:
	1 Summarize the reports.
	2 Add its own administrative and direct costs for the period.
	3 Report to the Division of Aging and Adult Services, through the Division of Aging and Adult Services electronic payment processing system or the paper AG-053.
4 Review the AG-053 produced by the Division of Aging and Adult Services electronic payment processing system to ensure provider expenses and revenues are within contractual limits.	

1500 Cash Disbursement and Expenditures Reporting	
1504	Operational Procedures for Financial Information Flow
	1504.1 Area Agency on Aging monthly financial reports should consist of the following:
	A Actual expenditures of sub-contractors for the reporting period.

1500 Cash Disbursement and Expenditures Reporting	
1505	Operational Procedures for Distribution of Administrative Funds

Up to ten percent of Title III-E funds may be used for administrative purposes, to be paid out of the Title III-E Administration allocation.
	1505.3 The Division of Aging and Adult Services Supplemental Payment Program (SPP) funds may not be utilized as administrative costs as they are restricted to service delivery.
	1505.4 Up to ten percent of the SSBG (local and state planned) allocation may be used for administrative costs. The administrative amounts will come from the state planned allocation.
	1505.5 Up to ten percent of the State Independent Living (ILS), State Ombudsman, and State Respite services may be used for administrative costs.
	1505.6 Other funds may be used for administrative purposes as identified through ALERTS.

1500		Cash Disbursement and Expenditures Reporting		
1506	Operational Procedures for Indirect Costs			
	1506.1	If an Area Agency on Aging is a unit within a multi-function organization that is subject to indirect costs and has received a federally approved indirect cost rate, the Area Agency on Aging must submit to the Division of Aging and Adult Services an "Indirect Cost Plan" and the "Indirect Cost Negotiation Agreement".		
		A	1	The Division of Aging and Adult Services will accept the federally approved indirect cost rate if the following criteria are met: The federally approved indirect cost rate does not violate the statutory requirements defined in Federal and State law.
			2	The federally approved indirect cost rate if applied does not substantially reduce funds for program services.
	1506.2	If an Area Agency on Aging is a unit within a multi-function organization that is subject to indirect costs, the Division of Aging and Adult Services must negotiate and approve, on an annual basis, the rate(s) of the indirect cost pool(s) applied to the Area Agency on Aging.		
		A	The rate(s) of the indirect cost pool(s) must benefit the Area Agency on Aging in terms of actual and needed services.	
	1506.3	Subcontractors who are part of a multi-function organization must apply the same process to receive reimbursement for indirect cost activity.		
		A	Only actual pools of indirect costs incurred during the reporting period should be submitted.	
		B	If an agency is incapable of identifying and allocating an indirect cost pool during the reporting period, serious consideration should be given to redesigning the cost allocation plan and relying mostly on direct costs.	

1500		Cash Disbursement and Expenditures Reporting

**Technical Assistance (SCSEP)
for SFY-2011**

This ALERT applies to the following subgrantees of the Senior Community Service Employment Program (SCSEP): Area Agency on Aging, Region One Inc., Pima Council on Aging, Northern Arizona Council of Governments, Pinal/Gila Council for Senior Citizens, and Mohave County Career Center One-Stop.

This ALERT is being provided to non-participating regions as information only.

Technical Assistance ALERTS are generated periodically to update contractual and/or programmatic requirements and/or clarifications. The purpose of this ALERT is to notify the Area Agencies on Aging and Mohave County of certain requirements regarding the mandated durational limits of SCSEP participants as well as paid training.

Durational Limits:

Eligible individuals may participate in the program for a maximum duration of 48 months in the aggregate (whether or not consecutive), from the later of July 1, 2007, or the date of the individual's enrollment in the program (OAA § 518 (a)(3)(B)(i) and SCSEP Final Rule (10/1/10) § 641.570). It is critical that subgrantees adhere to the requirements regarding Durational Limits. The following steps are meant to aid SCSEP subgrantees to implement and manage durational limits:

1. Durational Limit Policy. DAAS Durational Policy is located in the DAAS Policy and Procedure Manual, Chapter 4000, Section 4107. Durational Limit training was provided to subgrantees in September 2010. There are also archived webinars which can be accessed on <https://www.workforce3one.org/>

2. Informing Participants of Policy and Possibility of Extension. All new participants must be informed of the durational limit policy at the time of enrollment, and all current participants must be informed of the policy. In addition, subgrantees must inform all participants who are within 12 months of reaching their personal durational limit of how they are impacted by the policy and when transitional planning will begin. These participants are identified in the Waiver of Durational Limit (WDL) Report generated by SCSEP Performance and Results Quarterly Progress Report System (SPARQ).

3. Updating Waiver Factors. Subgrantees must regularly generate the WDL Report to ensure that all participants due to reach their durational limit within the year have had their waiver factors updated within the program year.

4. Ensuring the Accuracy of Durational Calculations. Errors in SPARQ data can affect the accuracy of durational limit counts. A subgrantee's errors for an exited participant can affect the count of another grantee with which the participant is now enrolled. For that reason, subgrantees must correct all Durational Rejects as soon as they occur. Durational Rejects are generated as part of the Quarterly Progress Report (QPR). Subgrantees must also review their SPARQ-generated "Approved Break" report and close any breaks that are improperly listed as open. These breaks also affect the durational counts.

**Technical Assistance (SCSEP)
for SFY-2011**

5. Transition Planning. Subgrantees are required to provide transition planning and assistance in the form of a transitional Individual Employment Plan (IEP) to all participants who are exiting the program. For those who are likely to obtain employment, this may entail a new host agency assignment, enhanced training, and intensive job search assistance. For those unlikely to obtain a job prior to exit, the grantee must provide assistance with identifying and obtaining other transitional services that will support self-sufficiency and help maintain the participant's quality of life. Subgrantees should compose 12 and 6 month transition plans. Attachment A of this ALERT provides suggested 12 and 6 month planning templates to be used as the basis for each impacted participant's transition IEP.

6. Requesting Extensions for Individual Participants. SCSEP policy (Section 4107) allows for a request for a waiver of the durational limits to be submitted for only the following two reasons: 1) severe disability and; 2) live in an area with persistent unemployment *and* are individuals with severely limited employment prospects. The policy section also explains the procedures subgrantees must follow in order to submit such waiver requests.

An "Extension Utility" will be available in SPARQ that will allow grantees to request and track extensions to durational limits if a grantee has requested a waiver of the durational limit. Only grantee (DAAS) administrators will have access to the utility, and they must certify that all requests qualify under the grantee's Durational Limit policy. SPARQ will then confirm that the participant for whom a request is made has a waiver factor updated in the program year. All requests with updated waiver factors will be granted.

SPARQ will tell the grantee if the request is granted or denied, and the participant screen in SPARQ will be updated with that information. There will also be a new report listing those participants who reached their durational limit in the quarter and, of those, who received an extension and who did not.

7. Exiting Participants for Durational Limit. Any participant who does not qualify for an extension under the durational policy, must be exited on his or her durational limit date as listed in the WDL Report. Participants must be given 30 days written notice of their termination and must be informed that the termination is subject to appeal under the grantee's grievance policy. A copy of the grievance policy should be attached to the termination notice. Element 6(v) on the Exit Form, Durational Limit, should be checked as the reason for exit.

Should you have any questions related to this ALERT, please contact Joel Millman at 602-542-6335 or via email at JoelMillman@azdes.gov

Technical Assistance for SFY-2011

Technical Assistance ALERTS are generated periodically to update contractual and/or programmatic requirements and/or clarifications. The purpose of this ALERT is to notify the Area Agencies on Aging (AAAs) about a new requirement related to the Family Caregiver Support Program (FCSP) and the Caregiver Assessment Tool (CAT). **Please ensure that appropriate AAA personnel are aware of this technical assistance.**

Please note that this technical assistance is not intended to be all-inclusive. The information in this document may be updated periodically through future ALERTS and updates to the Division of Aging and Adult Services (DAAS) Policy and Procedure Manual. Please refer to the DAAS Publications website for the latest information:

<https://www.azdes.gov/common.aspx?menu=36&menuc=28&ID=8188>

The implementation of the new CAT will provide objective data that can be used to more effectively authorize caregiver services and more efficient use of limited respite resources. Additionally, the CAT allows for evaluation of services authorized as a result of the assessment by capturing client input following service delivery. This service evaluation will provide DAAS and the AAAs important evidence that can be used to demonstrate the effectiveness of services, justify future funding requests, while also assisting in the development of consumer-directed service delivery models.

On 9/9/09, DAAS released Technical Assistance ALERT SFY-10-12B that detailed the need for enhanced assessment of family caregivers when making authorizations for services designed to provide relief from the stress of their caregiving activities. That previous ALERT also provided a detailed look at the development process that took place to create the CAT, including a timeline and links to supporting literature, along with information about the pilot program that was used to gather caregiver assessment data to be used to validate the CAT and to develop a scoring mechanism that can be utilized to interpret the data in a manner that is usable by the case manager.

The recent update to Chapter 3000 of the DAAS Policy and Procedure Manual that was released, effective January 1, 2011, includes three references to the CAT. The first reference is 3122.3.B, indicating that the CAT may be required as part of the overall assessment process to determine eligibility for certain FCSP services. The second reference (3123.8.D) to the CAT is related to re-determination of eligibility and states, effective July 1, 2011, any caregiver receiving FCSP services requiring the CAT must be assessed using the CAT prior to re-authorization of those services. The third reference to caregiver assessment is in Section 3600, the section of Chapter 3000 specific to the FCSP, and 3604.3.C states "Services specified in 3604.2.D shall only be provided to a family caregiver who is assessed to be at moderate or high risk as determined by an assessment tool designated by DAAS", and that designated assessment tool is the CAT. The FCSP services that are affected by this policy are respite services, including in-home respite, group respite, and adult/child day care when provided as a respite service.

The Pre-Service CAT and Post-Service CAT are included in this ALERT as Attachments A and

B, respectively. There will be two final webinar-based trainings available to AAAs to provide technical assistance in training case managers on the use of the CAT. The first training webinar will be conducted on Monday, March 14th from 10:00am - 12:00 p.m., and the second will take place on Wednesday, April 6th from 2:00pm - 4:00pm. AAAs will be contacted about which webinar they wish to take part in, and individualized regional training can be arranged upon request, depending upon the availability of Dr. David Coon from Arizona State University.

ASCAP Caregiver Module

Pre-Service Assessment

This tool is designed to be used in conjunction with an appropriate version of the Arizona Standardized Client Assessment Plan (ASCAP) to assess caregivers who might benefit from supportive services. **The ASCAP should already be completed when this assessment tool is completed with the caregiver.** A post-service assessment and evaluation will also be completed after the initial authorization of service has been delivered. The following statements may be helpful in preparing the caregiver for the assessment process:

- ✓ For most of these questions, there are no right or wrong answers. You might even think some questions are odd or don't "fit" you or your situation; however, please try to choose the best answer for you. We simply need your opinions, thoughts and feelings about each area we will cover, so please answer each question as honestly as possible.
- ✓ Some of these questions, we might have already covered in our time together. If that is the case, I will be checking with you to confirm your response.
- ✓ I want to thank you for taking the time to answer these questions. They help us provide and continue to improve our services. Your responses really do count!

Before we begin, I want to remind you that all of the information you give me will be kept confidential, and if you are uncomfortable with a question, you can refuse to answer it. If you don't understand a question, please feel free to ask me to repeat it or clarify it. You can stop this portion of the interview at any time, but please remember that the more information you can give us, the better we can help caregivers like you in the future.
